The Decade of Discovery™ (2014, 63 minutes) is a new documentary by Joe Looby and details a government attorney's quest to find a better way to search White House e-mail, and a teacher who took a stand for civil justice on the electronic frontier. The Decade of Discovery™ chronicles the impact of the big data information explosion on the courts and the government during the years 2002 to 2012 and the technology used to address these problems.
